

A Country Kitchen Christmas

Penelope Anders cant cook, yet she writes the very successful Country Kitchen Cooking blog for the Southern Cooking Channel. Everything is going fine until shes informed that the new CEO ran a contest giving one lucky winner the opportunity to spend Christmas with her at the Anders farm in Craters Corners, Tennessee. But there is one big problem. Penelope doesnt own the Anders farm anymore. Derek Smythe does. And she still hadnt forgiven him for buying the place. Derek Smythe needs a new roof and a new septic system at the farm so he can sell the place and move on with his life. When the producer for the Southern Cooking Channel shows up wanting Penelope Anders to return to the farm to fulfill a contest he believes his prayer has been answered and agrees for the price of the repairs. The producer calls his bluff and agrees. But is he ready for Penelope Anders to walk back into his life only to walk out again?
