

The Shy Girl and the Stripper (Siren Publishing Classic)

[Siren Classic: Erotic Contemporary Romance, HEA] Sunflower Sunny Carlyle hates making public appearances. She would much rather stay home and write her books where she lives out her hottest fantasies through her characters. Her debilitating shyness keeps her from looking for her own happily-ever-after. Doing his sister the biggest favor of his life, George Hartland becomes Geo Hart, a fill-in cover model and exotic dancer for the writers convention his sister has organized. The only thing keeping him from going back to his ranch is the fact that he cannot wait to meet Sunny Carlyle, his favorite author. Their first meeting is electric, and the only problem is Sunny absolutely, positively has to be on the plane home Sunday afternoon. Can Geo break through Sunny's protective walls of shyness? Can Sunny relax enough to let Geo into her very small, very controlled world? Can she break out of her shell and show him how to do a proper striptease? ** A Siren Erotic Romance
