

Icecapade

On the eve of the new millennium, diamond thief Noel Snow seduced FBI special agent Robert Cuffe, then fled into the dawn. Now a successful novelist, Noel uses his capers as fodder for his books, and has modeled his heros nemesis (and potential love interest) on Cuffe. Though he leaves Robert a drunken phone message every New Years Eve, Noel hasnt seen or heard from him in a decade. So hes thrilled when his former lover shows up at his upstate farm one Christmas Eve. Elation quickly turns to alarm when Robert accuses Noel of being responsible for a recent rash of diamond heists. Robert is all business and as cold as ice: it seems his only interest in Noel is to put him behind bars. Innocent of the crimes, and still as attracted as ever to the oh-so-serious lawman, Noel plans a second seduction providing he can stay out of jail long enough! 18,000 words
