

Money of the Bible

The 2nd edition of Money of the Bible is updated with new photographs and new research. The book studies how the Bible was written, and its nature; commerce before coins; coins of Old Testament times; coins in the New Testament; first-century money and trade; coins mentioned in Jesus parables and lessons; coins and the Passion of Christ; the beginning of Christianity; coins with Biblical themes; and how to collect Biblical coins. A foreword by Dr. Paul Rynearson and a detailed index round out the text and full-color photographs.
