Growing up in Brooklyn, New York, a city where the hustlers rarely sleep, set the path for the route Monicas life is destined for. In love with Kevin Rock Holland, a local nickel and dime thug, Monica uses her sex-appeal to work as an independent escort to raise money for Rocks bail. Everything changes for her as she meets Javier Ramos, a successful businessman, who sees more in Monica than she does in herself. Relentless in his attempts to make Monica his wife, Javier soon realizes she may be more trouble than she is worth, but danger is his middle name and he loves a good challenge. Monica has two options, either a life of luxury or a life of pain dealing with Rock and his street antics. On the other side, Javiers life of luxury by no means is an easy street, not everything is as it seems on the straight and narrow path, all kind of bumps in the road are revealed when love and the love of money are involved.
