

A Chain of Hands (Washington State University Press Reprint)

At the time of her death in 1981, Carol Brink retained one remaining unpublished manuscript--the one that people in Idaho had been waiting for years to see. In *A Chain of Hands*, this accomplished author detailed many of the hands that had touched hers. Brink, too, revealed in non-fiction form many of the people, places, and events that played prominent roles in her fictional books for adults and children.
