

A Courageous Ride (The Bullriders Book 3)

The Bullriders: Book Three Aspiring orchestra conductor Marshall is exhausted after months of auditions without a single job offer. Marshall's friend, Terry, recommends a change of scenery and points Marshall in the direction of a dude ranch run by former bull rider Indigo Santana. Marshall is understandably skeptical, but his friend is convincing, and Marshall needs a break, so he agrees to go.

Indigo captures Marshall's attention but leaves him confused. Indigo's confidence is shot after an injury ended his rodeo career, and he walks with a slight limp. He hasn't been anywhere near a bull since he was hurt, and he's not the most accommodating host. After all, the only reason he keeps guests is because his family ranch is all but bankrupt. Marshall's attraction doesn't go unanswered, which leaves him with a huge dilemma. He's torn between the possibility of love, something he's searched for all his life, and the career he's worked toward for as long as he can remember, which is miles away. From his side of the fence, Indigo doesn't see how the ranch could ever be enough.
