

# Collision Over Vietnam: A Fighter Pilots Story of Surviving the ARC Light One Tragedy

On June 18, 1965, thirty B-52s took part in the first Strategic Air Command B-52 bombing mission in Vietnam, a mission that, if carried out successfully, might have halted the war in its tracks. Before two of the aircraft could deliver their payload, they collided midair, killing eight men as both planes exploded over the South China Sea. In *Collision Over Vietnam*, Lieutenant Don Harten, a pilot in the combat mission, recounts the harrowing yet miraculous true story of how he survived the B-52 collision and how he lived through the crash of his rescue plane to fly almost 200 more missions in the war. A remarkable account of comradery, courage, and loss, *Collision Over Vietnam* is sure to make its name in history as did the brave men who fought in Vietnam.
