

## A Reason to Be Alone (The Camdyn Series Book 2)

Maybe taking myself seriously is a bad idea, anyway. I mean, the chances of me tripping or doing something equally clumsy are pretty high. Why not just give in and start off with a laid back attitude in the first place? - Camdyn Taylor

Camdyn Taylor finally knows where she belongs, and she is determined to plant her roots in Tennessee soil as she readies herself for a life with the handsome and beguiling Cole Parker. The stresses of publishing deadlines and scenery changes are behind her, but a flurry of wedding preparations have taken their place. Add to that a family that suddenly needs her, along with a new set of friends determined to help her experience all the local customs, and things are bound to get interesting. With Camdyn involved, there's also a good chance that every situation could eventually result in humiliation. In the midst of all the excitement, Camdyn realizes she doesn't know the man of her dreams as well as she thought she did. With ghosts from the past popping up at every turn, their tomorrows suddenly appear to be a little shaky. In all the chaos, they will ultimately have to decide whether they find themselves searching for a reason to be alone.
