

## An Honest Deception: Letitias Traditional Regency Romance

I was delightfully surprised that there were clean versions (no sex) versus not clean (with sex) of a same story. They and their counterpart were listed at the back. If only everyone could do this or offer it. This story is for all ages and is a good romp. ~ Reader review This author paints very clear pictures of her characters which I enjoy. I reread this novel quite a bit because I like it so much. ~ Reader review This traditional sweet romance will delight readers who enjoy the story of a woman reclaiming her life, and well as finding the love of it. ~ Reader review This is the Traditional, no sex version of Letitias story. After the death of her wastrel husband, Alfred, Lady Letitia Morgan wants nothing more than to settle into the peaceful life of a widow. Her limited finances are enough to provide Letty and her two children that simple life. However, her well-meaning cousin demands that she remarry as soon as is proper; indeed, he feels it to be her duty as a woman and to her family. To that end, he moves to arrange her marriage to the Bishop of Mainwaring, someone for whom Letty has no feelings whatsoever. In the meantime, Phillip Masham, Marquess of Eynsford and long-time friend of Francis, Lord Exencour, has found himself very much interested in Letty. Unfortunately for him, Lettys opinion of men of the ton was quite soured by the late Baron Morgan. Not one to give up, the creative Marquess becomes Mr. Phillip Markham, a solicitor in the Inner Temple, in hopes that Letty will get to know him for who his is, beyond his title. The two form a friendship that may deepen into love, but will it survive the truth? Find out in the latest by Alicia Quigley, chart-topping author of *The Yuletide Countess* and *The Secret Bluestocking*.
