

An Informal Introduction (Informal Romance Book 3)

She saves lives. He protects them. And someone's trying to stop them both. Lily Ziminski is an ICU nurse near the nation's capital where politics are a regular part of hospital policy. Assigned a series of high-profile patients, she finds herself an unwilling focus of the media. Lily would much rather do without all the attention except where one cowboy-hat-wearing state trooper is concerned. Caleb Graham runs into the same captivating nurse twice in one day, and he's not a man who believes in coincidence. When problems at a local impound lot force him into the middle of a bizarre case that threatens Lily, Caleb will stop at nothing to protect her. From a stranger in a parking garage to Secret Service agents, surprise chases Lily around every corner. In the midst of the chaos, she has two constants: her longtime faith in God, and her growing attraction for a silver-eyed trooper.
