

Angels on Earth: Inspiring Stories of Fate, Friendship, and the Power of Connections

From the #1 New York Times bestselling authors of *An Invisible Thread* comes a heartwarming book about the huge impact that small acts of kindness from strangers can have on the world around us. One day in 1986, Laura Schroff, a busy ad sales executive, passed a small boy panhandling on the street. She stopped and offered to take him to McDonalds for lunch. Twenty years later, at Laura's fiftieth birthday party, Maurice Mayzik gave a toast, thanking Laura for that small act of kindness, which ended up changing the course of his life. In that toast, Maurice said that when Laura stopped on that busy street corner all those years ago, God had sent him an angel. Laura knows better than anyone that angels divine and otherwise are all around us. After *An Invisible Thread* was published and became an international bestseller, people began telling Laura their own stories about how chance encounters with strangers have changed their lives. From a woman who saved a life simply by buying someone a book, to a financier who gave a stranger the greatest gift of all, to a teacher who chose a hug over discipline and changed a lost boy's future, *Angels on Earth* is a touching and heartfelt collection of stories about how one seemingly small act of kindness can make a profound difference.
