

# Frostwick

To save the life of the crown prince, Starwick took a curse upon himself, but the curse leaves him in excruciating pain alleviated only by Tyrwick, the kings bastard son and a man who has always despised Starwick. If he wants to live they must find the man who cast the curse and take back the ring he stole, but Starwicks real challenge is not hunting a manit is fighting his own despair, reinforced by Tyrwicks cold disregard and his own shadowy life.
