

April of Enchantment

Laura Nichols was always up for a challenge and the job Justin Roman has offered her is the perfect showcase for her talents. Not only was he dubious of her ability to complete the restoration of his Louisiana mansion in time for his wedding, but she was also frustrated by his arrogance tempered only by his good looks. But if he is so doubtful of her then why does he give her full artistic license even when it obviously angers his fiance? Laura dives into the job, determined to prove the maddening man wrong. But when the job reaches completion Laura finds herself torn, she would like nothing more than to be rid of this mess, but she cant deny the attraction she feels for Justin. Will she be able to tear herself away from a man who is to be married in her greatest creation?
