

## April Showers

Rainbows dont come without rainThe world you want isnt always how the world is. Former marine Sebastian Bennington discovers that upon his return to Valley Ridge for a friends wedding. Even his grandfathers health isnt what hes expecting. Nor is the interference from his grandfathers young business partner, Lily Paul. Even more aggravating, Lily seems to know everything about Sebastian, thanks to his grandfather. But Sebastian cant get her to open up about anything. Is she using all that merry sunshine to hide something deeper and darker? Hes determined to find out, as long as their crazy attraction for each other doesnt get in the way.
