

Arresting Grace

Authors Note: This abridged version of ARRESTING GRACE is leaner, stronger and more focused. I hope you enjoy. Michael Green expected many things from his 38th year: to redeem a failed acting/music/writing career, to build upon friendships and church relationships, and most of all, to finally meet someone. Hed been lookingand waitinga long time. What he didnt expect was to get arrested for a DUI, driving home from a church dinner. That changed everything. It was a shame, too. Two weeks earlier, he had met someone. ARRESTING GRACE is the story of Michael Greens DUI arrest, as well as his long distance relationship with Jessie, a lovely woman from the Bay Area. Thoughtfully written and raw, with unflinching honesty, Arresting Grace recalls such works as Donald Millers BLUE LIKE JAZZ and Anne LaMotts GRACE (EVENTUALLY). A man searches for answers most earnestly when hes brought low. This is the story of a man, fallen lower than imaginable, searching for God in the midstand finding grace in the most unexpected places.
