

As They Slept - Part 3

As They Slept - Part 3 is the third instalment of the hugely successful debut book As They Slept by Andy Leeks. In September 2012, Andy, infuriated by the snoozing passengers surrounding him, posted a status on Facebook declaring that sleeping on trains is a complete waste of time. His friends disagreed. In a bid to prove them wrong, Andy set out to write a book from start to finish on the daily commute. As They Slept - Part 3 is a collection of comical tales of travel and trepidation, guaranteed to make you laugh.

In his third book, Andy sets out to explain how he came to be locked in a train toilet with a stranger, why he got accused of being a terrorist and exactly why he thought he could outrun the speed of light.

Customer Reviews Andy Leeks is a regular guy, doing normal things and occasionally bashing his head against a brick wall at the absurdity of it all, before summing it up like a genius and putting it in print. Every train travellers inane thoughts written down, very funny and worthy of a read with your morning coffee, better than sleeping on the train! I am neither male, nor a London commuter, but this bloke has hit the nail on the head with this easy to read missive. There are not many books out there that I have found that I actually laugh out loud to! This was one exception! Great concept, Brilliantly written and something that pretty much everyone can relate to!
