Warning: For Mature Adult Audiences. Contains language and actions some may find offensive. Contains sexually explicit content. Menage MFM. In Book 5 of the Masters of the Prairie Winds series: Merilee Lanham's life had always been centered entirely on her career until she agreed to date John Stevens. Almost from the outset of their relationship, it was easy to see the ruthless reputation of nation's youngest U.S. Senator had been well-earned. Keeping Merilee under his thumb with a continuous barrage of verbal abuse finally ends one night she reluctantly confides her need for something more in their lackluster sex life. Senator Stevens explodes in fit of anger more concerned about his future than the woman in his arms and Merilee walks away. Later, when she begins experiencing a sudden surge of security problems, Merilee wonders how much John was willing to risk to silence her. Ash Moore and Dex Raines have been drawn to Meri since the first night they met. Finding out the auburn haired beauty isn't who they thought she was makes them wonder if they'd ever known her at all. But, they know too well they have no one to blame but themselves and then coming to terms with the reality of Merilee D. Lanham quickly takes a backseat to protecting her. Can the two former Navy SEALs keep her safe long enough to find out if the three of them have a future together? And, will the beautiful submissive they knew as Mary Dillon be brave enough to put her heart on the line again?
