Gunshots Ring out in Chicago... Can She Escape the Mean Urban Streets? Leah Wilson, a single, black mother trying to survive in the South Chicago Englewood neighborhood has bit off far more than she can chew. With her sons father, Trey, breathing down her neck, escaping her past is much harder to do than she thinks until she meets Matt Baldwin. Working as a white social worker in his birth city, Matt does everything he can to make a difference in peoples livesand Leah is no exception. Even with his skilled experience helping single mothers, Trey makes it impossible for the generous social worker to help Leah. Matt will have to prove to Leah that shes worth far more than the man whos torn her down and show Trey that evil never prevails. Will he have enough time before Trey pulls the ultimate shocking stunt? The clocks ticking, and time is not on their side.
