

From Home to School with Autism: How to Make Inclusion a Success

Beginning school is a challenging time for most young children. For those with an Autistic Spectrum Disorder (ASD) the significant change this entails can be overwhelming, and everyone involved will be in need of guidance to make the transition as smooth and as stress-free as possible. This positive and practical book arms schools with a wealth of essential information, easy-to-implement strategies and photocopiable resources that will help to make early schooldays an enjoyable experience for young children on the spectrum. Constructive suggestions, such as introducing visual schedules and accommodating sensory issues, will help children with ASD to feel comfortable in school, and activities including making a happy scrapbook and a home-school diary will support staff home liaison. From Home to School with Autism is essential reading for education professionals seeking to encourage and inspire greater confidence in young children with ASD as they embark on school life.
