

Bare It All

A cops craving to know more about the woman next door could prove fatal in the steamy new novel from New York Times best selling author Lori Foster. As the person responsible for taking down a brutal human trafficker, Alice Appleton fears retaliation at every turn. No one knows about her past, which is exactly how she prefers it until the sexy cop next door comes knocking. Detective Reese Barden thinks he knows what makes women tick, but his ever-elusive neighbor keeps him guessing like no other. Is his goal to unmask Alice's secrets? Or protect her from a dangerous new threat? One thing is certain: their chemistry is a time bomb waiting to explode. And with no one to trust but each other, Reese and Alice are soon drawn into a deadly maze of corruption, intrigue and desire and into the line of fire.
