

Barefoot in Pearls: The Barefoot Bay Brides, Book 3

As her two best friends settle into their happily ever afters, destination wedding designer Arielle Chandler is beginning to wonder if the promise of The One - one true love, meant only for her - is merely folklore passed down from her Native American grandmother. But when a mysterious man nearly mows her down on a hill overlooking Barefoot Bay, the legend of destined love suddenly feels very real. That is, until Ari learns of Luke McBains plans to demolish a piece of land she believes is sacred. Luke isnt proud of the fact that he spent ten years as a mercenary warrior, fighting battles for another country. With those dark days behind him, hes focused on creating a new life instead of destroying others, so hes moved to Barefoot Bay to launch a contracting business and build a house for an old friend. But when an enigmatic dark-eyed beauty steals his attention and stops his progress with her announcement that he is about to flatten a native burial ground, Luke has a new battle to fight. While their immediate and potent attraction grows complicated, Luke and Ari discover the hills of Barefoot Bay could be hiding something far different - and even more valuable - than ancient art or graves. They are determined to discover the truth, but that will come at a cost. Will they risk their chance at once-in-a-lifetime love to uncover secrets that could change the landscape of Barefoot Bay forever?
