

The Mind and the Way: Buddhist Reflections on Life

What would life be like if each one of us chose compassion over anger, loving-kindness over hatred, awareness over ignorance? The Mind and the Way demonstrates a radically simple approach to life, one in which we are able to awaken to our true loving nature and delight in the mystery and wonder of the world. With warmth and a wonderful sense of humor, Ajahn Sumedho draws on the experiences of ordinary life to convey Buddhist insights that for 2,500 years have continued to remain vital and pertinent to our lives.
