

Betting on Love

High Stakes Romance ... Michael was sick and tired of playing the hatchet man. This cloak and dagger assignment at the Glass Slipper would be the last time hed go undercover for his fathers corporation. Someone was stealing from the Las Vegas casino, and his research told him to begin by investigating Shawn MacInnes, the fiery redhead who turned cards in the casino. At first glance, she seemed like an untouched innocent. But Michael knew that nothing was a sure bet in a city of wild cards. For Shawn, dealing blackjack in a Vegas casino was like returning to the scene of the crime. Compulsive gambling had killed her father. But for now, the Glass Slipper Casino offered her a good living and a chance to break free from the past. But when her shift was over, Shawn wanted nothing to do with the high-stakes world of gambling. Dealing cards was a job --- not a forum to fraternize with fellow employees like Michael DeNiro. With topaz eyes and lean good looks, Michael was one of those men who oozed sex appeal and charm. Shawn steered clear of his type, just as she avoided the Nevada desert sun. Both were scorchers.
