

Addicted - Complete Series

Here, presented in one volume, are the four stories that comprise the Addicted Series, a seriously hot and provocative romance by Lucia Jordan, written in her signature style of high passion and emotion. Mandy moves to New York City knowing that the advertising firm she's starting with will give her the life she has always wanted. However, her perfectly-planned world unexpectedly shifts when she meets a man unlike anyone else. Richard is different to the corporate types she usually goes for, but she finds herself irresistibly drawn to him - owner of a furniture store, he's a rugged, handsome man. It's as if he's put a spell on her. When he asks her out, she finds it impossible to say no. But what happens next makes Mandy question everything. She's caught up with a new desire burning deeply within her, a desire that could put her dreams in peril. But when Richard surprises Mandy at work, her boss a powerful man who wants Mandy for himself, becomes jealous, very jealous. Will his anger destroy everything Mandy has worked so hard for? This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
