

Weddings Suck

Like a bad dream Reese has return to torment China. It was bad enough shed spent most of her college years deeply in lust with the oaf, only to find him in bed with her roommates. Both of them. Now he seemed to have developed classic foot in mouth disease. Oh she just could not wait until the travesty that was her best friends wedding was over so she could go back to never having to see the best man, her nemeses, ever again. Okay, so he couldnt seem to say the right thing. But China knew him. Why didnt she cut him some slack. After all, she had blithely ignored him all through college as he bent over backward trying to catch her eye. This time he wasnt going to let her go. This time she would see him, the real him; not just the stupid things he said. Now if he could only get the groom to call of this wedding as an added bonus
