Intrigue. Lust. Distrust. Arsens Rules Book 7 (An Alpha Billionaire Romance) After being dropped off at her apartment, Steele found herself being questioned by her roommate, Gwen. After much prodding, she gave in and told Gwen a bit about her contract with Arsen and Gwen couldn't believe what Steele was getting herself into. Arsen met the new detective assigned to his case and found she was a tall drink of water who found him fascinating. She was flirtatious, and he smelled a set up by the police department. When she let him know she wanted to find the real killer he toyed with the idea of telling her about Allen White. Gwen confided in Steele about a man she had just started seeing. She met him in the parking lot of their apartment as he was backing out of a parking spot and nearly hit her with his car. Just as she was about to tell Steele the man's name, Arsen calls her and tells her he's outside and she leaves the conversation hastily without getting the man's name. Arsen and Steele were shocked as they pulled away and saw Allen White pull in and they waited long enough to see him use a key and go right into the apartment Steele and Gwen share. Arsen decided they needed to go back because her friend was in great danger. Allen was ecstatic to meet his old lawyer again and made it known he was a changed man. Gwen wasn't happy with the fact he'd kept his past from her nor was she happy with how Steele was acting around Arsen.
