From Best Selling Author, Ali Parker...Chained to their pasts, their passions and each other... until one link snaps.Kate Jarrett has been around the block a few times, her life nothing more than a trail of failures. After her father dies she inherits the family bar, a place where shes accepted for who she is and loved for who shes not. Due to the location of her new establishment, a few friends from her past make themselves welcomed and death shows up at her door. Jon Peterson is a seasoned officer for the NYPD, his record clean and eyes set on being the youngest captain in the history of the force. When his little brother Adam turns up dead at a bar in the seedy side of town, Jons focus shifts. Is Kate involved in what happened to Adam or a pawn in a much larger game? Not interested in drama and hell-bent on justice mixed with revenge, Jon finds the one thing he never wanted - love. Book1 in a 4 book series.18+ Strong Language and explicit sexual content.
