

Bluebells On The Hill (Cowboy Heros)

Country singing star Amanda Smith was seeking a refuge from her busy concert schedule when she finds the perfect hide-away in the Sierra Nevada mountains of California. The only problem is neighbor Mac Mackenzie who has had his eye on that patch of land for years. When he can't bribe her to leave, he changes tactics.

The only problem is that it becomes harder to tell if he's trying to drive her away, or convince her to stay.
