

Finding Hope in Savannah

Hope is only a prayer away Elizabeth Liz Thompson gave up on her childhood faith when her parents died while on a mission trip. Determined to do her best after an unplanned pregnancy, she makes a life for herself and her child in Boston. Thirteen years of a quiet life are rocked when she witnesses something she shouldn't and is forced into hiding. She finds refuge in the town of Isle of Hope, Georgia not knowing that the only man she ever loved has made a life for himself there. Officer Jake Andrews never dreamed he would see his sweet Lizzy again. Forced to leave her, thirteen years before, left him feeling shame and regret. Her arrival brings him hope to dream again and a surprise that will change how he sees his future. When danger follows her to Georgia, Liz & Jake must learn to trust God and each other to see their way out of the situation.
