Finally together in one collection are four of Natalie Wilds Bestselling Series Wild Games: Elizabeth Penrose, Liza for short, is back on her feet for the first time in years. After a rough breakup that left her in ruins, Liza has dusted off the old remains of her college relationship and joined the family restaurant business. But after everything seems to be going in her favor, her old lover, Alexander, suddenly returns looking sexier than ever to throw her life into turmoil all over again. Though Liza does her best to ignore his hot and possessive stare, she can't stop the questions fluttering inside her head: Where has he been all these years, and why has he returned? Unbeknownst to Liza, Alexander has a new lifestyle and a couple of tricks up his sleeve. Is Liza about to discover that the only master she needs to worry about is the one intent on binding her heart and body to his? Will she fall into his arms and be seduced by his deviant ways? Wild Rush: Alexa Snyder is sick of disappointing romances. Why bother with real world relationships and real world men boring, predictable, flawed when you can always open a good romance novel and lose yourself in true eroticism and love. Working at a bookstore, Alexa has more than enough opportunity to immerse herself in a good book. But when she hears that her favourite author, Graham Jenkins, is coming to her little bookstore to visit, she is over the moon. Finally a chance to meet a real man. A man who is, from the photo on his book jacket, not only very good looking, but also understands the value of literary romance. Alexas dreams are short-lived, however, when Graham cancels his trip-last minute. Furious at him for being pompous and cynical, Alexa sends him a biting email, and, to her surprise, receives a wryly humorous response. And then, to her greater surprise, the man himself comes into the bookstore looking for her. Alexa feels

instant chemistry with Graham, and he is deeply attracted to her. But Alexa knows that real life rarely mirrors books, and Graham has some dark desires buried in his psyche. When these desires emerge, will they wreak havoc on Alexas life and heart?

She finds herself unexpectedly drawn to his seductive good looks and audacious sales tactics but vows to maintain her distance. However, Ryan has his own secret intentions and sinful desires. Will Cassidy risk all hard work and let Ryan dominate her in a way no man has ever done before? And is Ryans true intention to claim Cassidys job or her heart?
