BOOKS OF TERROR - Evil Exists, its Closer than you Think: The purpose of this journey is not to present a well balanced view of humanity, but to take you directly into the heart of only one aspect - the evil within. We make no apologies for this, as this is its sole purpose; to allow mankind to see that which lurks beneath hidden sin and thereby give everyone who dares to enter into these gates a second chance. What is this second chance? To see what sin looks like in its truth and allow another choice before its too late for the remedy. The belief in a supernatural source of evil is not necessary; men alone are quite capable of every wickedness. Joseph Conrad (For more info - <http://outofbodytravel.org>)
