

Forever Enchanted (Fairies of Rush Book 2)

Maggie Shayne grabs readers attention from the first page to last in this timeless tale of enemies destined to be lovers. I now have to hunt down the prequel, FAIRYTALE. ~Freelance Reviewer CarlaIII start by saying that I HATE romances!! But, being forced to read one for a class I was taking I stumbled upon this book and LOVED it!! ~ AlmmeyersBridins destiny is to rule a faraway fairy kingdom, but another sits on her throne, so she is forced to flee into the mortal realm. Awaiting the man foretold to help her, the last one she expects to show up is the usurper himself. Tristan has to find a way to win Bridins trust because only together can they free their enslaved land with the passionate magic of love. A sexy, adult contemporary romance novel with paranormal elements, originally published by Avon books in 1997. This is a great sequel to fairytale. Loved the writing, loved the characters, loved the story. ~Jody GilchristI love the books that make me smile after I finish them and this one did. ~redLYUBAIf youre enjoying the current spate of fairytale remakes on big screens and small, like SNOW WHITE AND THE HUNTSMAN, MIRROR, MIRROR, & the TV series ONCE UPON A TIME, you will love this story.
