

Keep Swinging

Rick Marin is possibly the worlds most sports-challenged dad? a guy who couldnt tell you what channel ESPN is on, thinks the Final Four is a quartet of apocalyptic superheroes, and hasnt set foot in a stadium since the last Pink Floyd concert until his 6-year-old son utters the four most powerful words in the English language: Dad, will you coach? Keep Swinging chronicles the rookie season of an indoorsy TV writer raising two alpha boys, whose life turns around when he gets off the sidelines, puts on a jersey thats three sizes too big, and throws himself into the world of kids sports. An inspiring, funny, and at times gut-wrenching tale for every father and son whove ever picked up a bat, ball, or hockey puck, its also a story about marriage, career, surviving lifes slumps and how youre supposed to make men out of your boys, but they end up making a man out of you. The author of the bestselling memoir Cad: Confessions of a Toxic Bachelor writes his next chapter.
