

Frayed (Torn Series Book 2)

This is part of The Torn Series but can be read as a stand-alone novel. Things with the already married Harry went sour quickly when she found out their affair had a bigger repercussion. Heartbroken, Trista had to do what was best for everyone. Just as planned, she and Lindsey went to visit Emma in Greece. Trista thought this vacation was going to be a way for her to heal and come to terms with the gargantuan mistakes she made in the past. Taylor Montgomery thought himself a rational man, but meeting the fiery Trista made him think twice. Her mask slipped enough for him to see it, once in a while. She carried pain and secrets hidden within. Her fire mixed with that vulnerability made him want to protect her all the more, but Trista wouldn't have any of it. One thing Trista should know about the tenacious man, though. He's not the kind of man who gives up easily. Come what may.
