

## Broken (Mills & Boon Intrigue) (Colby Agency: The New Equalizers, Book 3)

After seven years of agony, Linc Reece was certain he'd found his dead wife alive and living in a tiny Tennessee town. He was sure Mia Grant was Lori, the wife he'd lost in an undercover case gone bad. Now the operative for the elite team of Equalizers had to prove it even if he had to kidnap her. Mia Grant saw the hope in Linc's eyes but just because she liked vanilla, blues and old houses didn't make her his long-lost wife. Nothing about him was familiar, except the sizzle she felt when they touched. But when they discovered Lori's records destroyed and her photos stolen, even Mia knew someone had gone to great lengths to make her forget. And he'd do anything to ensure she never remembered.
