

Remember Summer

The most grueling challenge of Raine Smiths equestrian career looms before her - the Olympic Games. Little does she realize that shes about to face greater perils in the arms of a stranger than shes ever found on the back of her horse. Cord Elliott is a man trained to deflect disaster, and his mission is to ensure that Raine Smith remains untouched by sudden gunfire at the Summer Games. Yet from the moment Raines meets Cords ice-blue glance, she knows hes more hazardous to her heart than a snipers bullet. Falling for a man who answers to the call of intrigue and holds secrets that can never be shared is to endure the broken promises, unexplained absences, and constant danger that comes with his profession. But in the fiery passion of irresistible love, a summer to remember seems worth every risk.
