

## Sky Blue: A Novel

Colin Scott is a top literary agent at a firm representing some of the biggest names in publishing. He's worked hard to reach this place, yet now it seems routine and aggravating. On top of the creeping cynicism in his professional life, Colin and his wife are desperate to have a baby. As the pressure mounts, he finds himself questioning almost every decision he's ever made. And he seems to be having a nervous breakdown. Then disaster strikes. On a much-needed vacation in Mexico, his wife's parasail malfunctions and she plunges to her death. From that point on, Colin's life goes from bad to worse as he loses his job and, apparently, his mind.
