

Loves Book of Answers

This book draws on the ancient wisdom of bibliomancy - the art of foretelling the future using books - to help those enraptured or exasperated by love. Created by the best-selling author of the original Book of Answers, this seductive, insightful, and highly entertaining divination tool provides answers to any yes-or-no question. The book consists of almost 300 short phrases (one for every spread), which readers will flip to by chance in order to find an answer to a question. Is today a good day to make a pass at your downstairs neighbor? Consulting the book you might be told: the outcome could be hot...or instead: dont consider it a goal. Whatever your concern - and anyone looking for love has at least a thousand - Loves Book of Answers can help you find your way.
