

Cabin Fever

Uber-busy and highly successful Chanta Nicholson thought she had kept all her secret desires carefully tucked away in her diary. Her husband, Drew, while a good man, wouldnt condone the type of lovemaking she wanted. She liked it rough and wild, but there was no way conservative, straight-laced Drew would even begin to understand her needs. Drew Nicholson could feel his wife slipping away from, hiding behind her cell phone calls and busy late nights at the office. There wasnt any way he was going to let Chanta go, not without a serious intervention. Hed read her diary and knew what she needed. Most importantly, he knew how to give it to her. Locked in a cabin tucked away in the Canadian forest, Drew and Chanta cant just kindle a fire, they must make their love burn like cabin fever.
