

## Captivated - Complete Series

Here, presented in one volume, are the four stories that comprise the Captivated Series, a passionate and evocative romance by Alexis Blake. Holly Masters has never met her other boss, the mysterious Mr. Ian Wexler, one of the two senior partners of the prestigious law firm Burnham & Wexler. But that doesn't stop her from developing a special fascination with him. The idea of a young, wealthy and handsome jet setting lawyer was becoming a bit of guilty fantasy for her and she was dying to meet him. Until one day, when meeting with the firm's partner Frank Burnham in his office, Ian witnesses Holly's insolent behaviour as she interrupts their meeting, accusing Frank of mistreating a co worker. Now with her job on the line and her heart in her throat, Holly agrees to meet him for drinks to discuss her future with the firm. She doesn't realize what Ian wants most is to see just how far she will go to please him. Just when she thinks that she has succeeded, he whips out his punishment box and challenges Holly to keep playing his game. But in playing his games, will Holly push Ian too far? Could she lose him before she ever really has him? This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
