

Lily and the Major (The Orphan Train Trilogy Series Book 1)

Back by popular demand: The first novel in the romantic Orphan Train trilogy, Lily and the Major the beloved historical classic about a woman who must choose between her family and her one true love, by #1 New York Times bestselling author Linda Lael Miller. In his arms, she discovered how tender and how bold true passion could be. Lily Chalmers wanted only two things from life: a farm of her own, and to find the sisters she hadn't seen since they were all little girls heading West on the orphan train. She certainly had no desire for a husband. Yet proud, innocent Lily had no idea what desire meant until she met Major Caleb Halliday, a man who could ignite her very being with a single touch, a glance, a whisper. Sheltered in his arms, Lily rode the crest of a wild, helpless passion. And though she struggled against her own willful heart, she knew she could never choose between the dazzling man who had claimed her love so completely, and her bold, long-cherished dream.
