

## Second Messiah: Templars, the Turin Shroud and the Great Secret of Freemasonry

For almost seven and a half centuries, a piece of cloth was venerated because it bore the image of the crucified Christ. However, but results of carbon dating have shown that the fabric could not have predated 1260. Now new evidence conclusively proves that it is not a face...yet neither is it the image of Jesus Christ. In the follow-up to their groundbreaking first book, *The Hiram Key*, Christopher Knight and Robert Lomas continue their research into the mysteries of Freemasonry and the true historical Jesus, and uncover the precise time and place of the shroud's creation. The answer to the great mystery of the Shroud of Turin will surprise and astonish as the authors unlock the secrets of abandoned Freemason rituals and the man who would be called the Second Messiah.
