

## Sea Swept (Chesapeake Bay Book 1)

Sea Swept is the first novel in a stunning quartet of four men bound by the love of the extraordinary couple who took them in and raised them as brothers. Now grown and living on their own, the Quinn brothers must return to the family home on the Maryland shore, to honor their fathers last request. A champion boat racer, Cameron Quinn traveled the world spending his winnings on champagne and women. But when his dying father called him home to care for Seth, a troubled young boy not unlike Cameron once was, his life changed overnight... After years of independence, Cameron had to learn to live with his brothers again, while he struggled with cooking, cleaning, and caring for a difficult boy. Old rivalries and new resentments flared between Cameron and his brothers, but they tried to put aside their differences for Seths sake. In the end, a social worker would decide Seths fate, and as tough as she was beautiful, she had the power to bring the Quinns together or tear them apart...
