

Chicken Soup for the Teenage Soul The Real Deal School: Cliques, Classes, Clubs and More

School: Its frustrating, its boring, its embarrassing. But its also thought provoking, challenging and full of possible friends. And until you turn 18, like it or not, its just about your whole life. So whats the deal? Chicken Soup for the Soul knows that school is more than classes and tests. Its also a social scene, filled with cliques, clubs and life-changing decisions (or so it seems this week). Its where you meet your best friends and run into your worst enemies. And its an opportunity to figure out what you want to do whether its kick a soccer ball, play the trombone or act in a play. Sometimes its overwhelming and confusing, but dont worry, its like that for everyone. Thats what the stories in this book are all about. Theyre from real teens, and theyre about the bizarre, embarrassing and sometimes triumphant things that really happened to them. And theyre here to give you some perspective on everything that goes down at your school...and outside of it, too. Put that together with weird facts, cool graphics, fun advice and quizzes designed to help you figure out who you are and what youre up to, and youve got the real deal on school full of all the laughter, tears and daily drama that life is all about.
