

Climax

Prepare yourself for a climax like never before! This is the first book of the CLIMAX Series. A seriously hot and provocative romance by Lucia Jordan, written in her signature style of high passion, searing depictions and emotion. What would you do if you had a neighbor, who was not only devastatingly handsome, but also sexy as sin? Claire is about to find out when she meets Greg, the neighbor with a hard body always clad in tight jeans and biker boots, and a tendency to look into her (usually open) windows while she is working out. An unexpected act of desire, caught voyeuristically by Claire begins a wave of passion with Jenny surprising herself when she reacts by stripping bare and giving him a show of her own. The powerful encounter between them explodes but is desire enough to keep them together, or can they find something that will take them far beyond their wanton desire for one another? This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
