

## Communication Counts: Business Presentations for Busy People

Communication Counts differentiates itself from other books on communication, presentation, and media relations because it directly confronts the biggest challenges facing anyone who needs to communicate anything today: listeners time constraints and distractions. Written by renowned communications expert Mary Civiello, this detailed book offers a unique modular approach that will enable you to say what you need to say, in a way that it can best be heard and remembered, in a time frame that can be suited to any situation.
