

Contemporary Thoughts on Humanistic Buddhism

Contemporary Thoughts on Humanistic Buddhism is a collection of speeches delivered by Master Hsing Yun over the past ten years to attendees of the annual Buddhas Light International Association (BLIA) General Conference. The theme of each speech, which is transformed into individual chapters within this book, captures the spirit of Humanistic Buddhism. It tells readers precisely when and where to seek the unlimited joy and potential of our being and discover Buddhahood right here in this life, in this world.
