

Sensual Magic

Sensual Magic is a novella that was originally published in the What Happens in VegasAfter Dark anthology, published with Spice in 2009 now available as a digital novella on its own as of 8/15/2016. Two years ago, William Emery believed in love. Deciding to make his permanent home in Boston and start a nightclub there, he was locking down funding and approving the font on wedding invitations. Until he found out his fiancée was little more than a faithless gold digger. Emotionally devastated, he moved to Las Vegas where his younger brother lived and began work to create the kind of club hed always wanted to run. And to drown the memories of his idealism in a sea of female flesh. If you didnt involve your heart, it never got broken. Nell Hunter is a witch on the trail of a human whos stolen from her people. This human is working with a group of mages stealing money and power from the clans and cabals, relying on the need for secrecy to keep their victims quiet and from going to the police. But they hadnt banked on Nell. Shes a bonded hunter to the court of the Owen clan. In Vegas, Nell seeks William out, his ex-fiancee is the woman shes looking for. The sparks between them fly immediately and while Nell knows theyre meant to be, William has a harder time with it. They come together as bullets and magic fly nothing worth having is ever easy.
