It has been twenty-four hours since their secrets came out. They've all been living life in the gray area between right and wrong. Now they're under the spotlight where nothing can hide. Veronica wants to kill her husband. Unfortunately she's working the biggest story of her career and her personal life has to wait. Can they fix their marriage, or are they better off alone?

Lacey finds her entire world thrown off balance when her meeting takes an unexpected turn. Her life is quickly spiraling out of control and there isn't much she can do to stop it. Theo just wants to find the girl with the blue eyes. He's already made the mistake of not introducing himself before the Chatterbox scandal and he is not about to leave meeting her up to fate again. Jonathan has a problem. He can't get Jessica out of his mind. The smart, sexy author is everything he's ever wanted in a woman. And more. A sudden fascination is quickly turning into an obsession he can't walk away from. And the feeling is entirely mutual.
